

INTRODUCTION TO DANGEROUS GOODS / LITHIUM BATTERY HANDLING BY AIR

18 Nov 2016 * Hotel Midas * 9am-3.30pm

organized with  AIRCARGO FORWARDERS
OF THE PHILIPPINES, INC.

 **PortCalls**
The Philippines only shipping and transport portal

Learn from International Air Transport Association officials about key principles in and challenges to transporting dangerous goods (DG) by air; how costly accidents can be avoided; local and international regulations surrounding transportation of DG; and transport requirements for lithium batteries.

Each participant will get a free copy of the 2017 edition of the IATA Dangerous Goods Regulations Manual (which normally retails for 300+ euros). IATA will also issue a certificate of attendance.

0900 – 0910	Welcome and introduction Outlining the purpose and objectives of the workshop <i>Rudy Reyes, IATA Regional Cargo Manager and PH Country Manager</i>		Update on what has changed in the 59th edition of the DGR and why those changes are being made. <i>Dave Brennan, IATA</i>
0910 – 0930	Regulatory Overview Overview of PH regulations in place, including reference to national legislation, international air transport, etc. <i>Civil Aviation Authority of the Philippines representative</i>	1145 – 1215	Shipper Experience Shipper's perspective on challenges of moving DG shipment via air versus other modes of transport, and how they work with the other entities in the supply chain. <i>Shipper Representative</i>
0930 – 1000	General Introduction to Dangerous Goods Intro to DG Regulations (DGR) Manual and its key sections > Key principles in safely transporting DG shipments via air - definition, classification, prohibitions, packaging, marking/labelling, declaration, Notification to Captain > Methods to spot hidden DG > Difference on trainings available (Cat 6/8/10) > Objectives of DGR professional training <i>Dave Brennan, IATA Assistant Director for Safety and Standards-Cargo</i>	1215 – 1400 1400 – 1420	Lunch Break How to Implement a Training Program What is competency-based training? Can I use 3rd party training? How can I build my own training program? <i>Dave Brennan, IATA</i>
1000 – 1030	Incidents/Accidents Involving Transport of DG via Air Notable events where improper handling resulted in damage/loss of equipment/aircraft/facilities/lives; and how these could have been avoided <i>Dave Brennan, IATA</i>	1420 – 1510	Lithium Battery Session Much of the changes in the DGR Manual relate to lithium batteries. Track discusses evolving transportation requirements for this product and what to expect in the short-term. <i>Dave Brennan, IATA</i>
1030 – 1100	Coffee Break	1510 – 1530	Closing Remarks Summary of IATA DGR products and services, survey among delegates to gauge response, etc. <i>Rudy Reyes, IATA Regional Cargo Manager</i>
1100 – 1145	Regulatory Update		

To participate in the seminar, please fill up this form and email to secretary_general@afpi.org.ph, jfdelusoafpi@gmail.com, or portcalls@gmail.com or fax to (02) 853-1745 or 551-3207. For questions, call AFPI at 852-7180, or PortCalls at 551-1775, 551-3871 or 551-1972.
